

The Synod of the Diocese of Athabasca

PO Box 6868, 9720 – 100 Ave.,

Peace River, Alberta T8S 1S6

Registration is now open!

In keeping with our commitment to build up and equip people for mission and ministry, sessions are specially designed to provide encouragement to our leaders, build relationships and lay the foundation for the future of congregational life.

The first part of the event, May 16-19, is for clergy (clergy are welcome to stay for the second portion of the event as well) and the lay leaders will arrive at the renewal center on May 19th, staying until the 21st. **Due to the importance of this event, funding for all participants has been secured to cover meals and accommodations at Providence Renewal Centre.**

What to expect:

You will gain a better appreciation of God's mission in our diocese and be better equipped to serve that mission in your ministries.

Together we will learn how to orient our ministries to God's mission so that his mission becomes our ministry template.

This is not a new program or plan but a way of being the Church Missional.

UNITY IN MISSION

Mission is God’s intent for his world. It is his goal and plan for the world. God’s will is that all people be saved and that all people respond positively to his invitation to salvation. That’s his mission.

Ministry is how the Church responds to God’s mission.

Ministry belongs to the whole Church, unified by the Spirit and united by God’s mission. The Letter to the Ephesians, particularly chapter 4, will inform our time as a diocese, as we work towards equipping all of us for the work of our ministry in service of God’s mission.

“... speaking the truth in love, we will grow to become in every respect the mature body of him who is the head, that is, Christ.” –Ephesians 4:15
